OPEN COMMUNITY

## TECHNICAL SHEET

### NOTEKA E-BUSINESS Your online shop

You may wish to put your shop online, but you need a reliable tool to manage your stock, your prices, and your clients' files.

We have selected for you OScommerce, an electronic shop management software package and customize it for your business, according to your needs.

Used by more than 62,000 shops all over the world, it is today THE leading Open Source E-Commerce solution and it is in constant evolution by way of user request, which will allow you to have OSCommerce community support, with more than 3000 members and thousands of extensions currently available.

#### As with all our products, our E-shop is composed of modules:

- **Boutique**, online catalogue, shopping cart, customer accounts, ...
- **Articles**, special offers, stock, alerts, preferences, ...
- **Billing**, payment, gift certificates, invoices, orders, taxes, ...
- **Delivery**, calculation, follow-up interface,
- **Marketing**, referencng of special offers, best sales, banners, ...
- **Administration**, extraction, product import, transactions, mass mailings, performance indicators, ...
- **Referencing**, everything to obtain good referencng and to increase your turnover.

#### We propose 2 options:

- **Standard Option**, creation of your online shop, online administration of your shop, automatic updates, PayBox and PayPal payment options included,
- **Custom Option**, customized design, integration of credit card payment methods, interconnection with E-CRM or E-COM, installation of complementary e-commerce modules (please see the list on the OScommerce web site)
